BOAT COLLISION KILLS ONE

Antioch Underwater Recovery Team divers Dennis Volling (left) and Bill Eckert (right) join unidentified Libertyville diver in search for missing man. (Staff Photo)

One man was lost and presumed drowned on August 14, following the collision of two boats on Channel Lake.

The man, identified as Edward A. Blecker, 29, of 5057 W. Windsor Drive, Chicago, reportedly was struck by a runaway boat.

The incident occurred while he was attempting to climb into his own boat after water skiing. He was apparently caught between the hulls of both boats, crushed and sank into 8 to 12 feet of water.

Within 45 minutes of the mishap, which occurred at 6 p.m., divers from all over the county arrived to aid in the search. However, the divers were forced to abandon their efforts at dusk.

The group, which included elements from Antioch, Wauconda, Winthrop Harbor, Countryside, Lake Villa, Deerfield, Libertyville, Fox Lake and Grayslake renewed the search the next day without locating the body.

Tom Borla of the Antioch Underwater Recovery Team, who acted as a safetyman for the project said the divers had difficulty finding the body because of poor visibility.

Other members of the Antioch Squad who participated in the search included Divers Dennis Volling and Bill Eckert; auxiliaries Ken Watson, Father Gregory of St. Peter's and Borla, and divemaster Frank Johnson.

As of publication, the body still has not been recovered. Operations will reportedly continue for an additional day and then be cancelled.

MEYER CALLS IT

LAST CHANCE FOR ADDITIONAL SCHOOL FUNDS

Continuing their desperate search for funds, the Antioch Grade School Board called for another tax rate referendum at their August 8 meeting.

The referendum to be held September 16 follows closely on the heels of a similar vote which was defeated on July 15. The same increases which were turned down (35 cents in the Education Fund and \$.03 in the Transportation Fund) on this date will again apply.

District 34 Superintendent Henry Meyer said the September date would mark the school's last chance to increase the tax levy for the 1973-74 school year. Should the measure fail there would be no school aid forthcoming until possibly the 1974-75 term.

"I think it's very important

that we will be losing a whole year if it (new levy) isn't in by the last Tuesday in September.

Despite the fact only one precinct in three carried the dual proposal at the last referendum, Meyer stated the board's strategy would remain essentially the same. "It was a good plan. All we need to do is refine it and do a better job."

In addition Meyer noted that many of the parents who worked during the last referendum and encouraged its return will be back for another, and hopefully successful try.

Meyer added, "We just can't wait. There is nothing additional coming from the General Assembly - since they've adjourned and we can't be certain what the next session will bring. I'd say it's up to us."

KNUTSON PETITION DENIED

The Lake County Board returned a unanimous denial of a zoning change to allow a small designing firm to open business on Grass Lake Road.

The petitioner, Orville T. Knutson, requested the zoning change in order to move to the site from the Antioch Industrial Park.

Paradoxically, the board and the Lake County Zoning Board of Appeals, which earlier gave an unfavorable recommenda-

tion, cited as its reasons the possible existence of spot zoning in the area. However, records show that within one half mile of the proposed site there already exists a dental office, lumber yard and diner.

Township Supervisor Lloyd "Red" Murrie said he was baffled by the ruling. "If they don't want any growth, they should just start to deny any applications whatsoever."

Local Police Retain Benevolent Association

Antioch Police Department members recently voted to continue their membership in the Policeman's Benevolent and Protective Association of Illinois.

The Association is the only organization authorized by the Antioch Police to solicit funds for the police and provides the local force with a variety of benefits. Due to their membership the Antioch force is provided with legal representation, death insurance benefits totaling \$400, paid up membership in the group and the opportunity of sending six youths to summer camp.

The local juvenile officer, Sgt. Elmer Pett has the responsibility of choosing the young participants in the camp program. They can be selected according to need, or by an essay contest or performance of exemplary civic deeds.

The local force receives one fifth of all monies collected during an annual fund drive, in addition to the various benefits.

The money collected from this fund drive is placed in a special police account that operates in much the same manner as a worker's credit

union. Members of the force are allowed to withdraw up to a maximum of \$200 after first getting the written approval of two of the three local association executives. The loan is paid back, interest free, at a rate not less than 20 percent per month of the original loan. Up to the minute records are kept and are available to the public.

Newly elected Association president, Patrolman Chuck Miller said the fund was extremely helpful in allowing members to weather unforeseen problems. "If your car breaks down and you need, say \$100 to cover the cost, you can borrow the money, if you have the need, and pay it back regularly without getting into economic trouble."

In addition, Miller said the fund would not just sit idly. "As president of the group and with the okay of the members, I plan to try to create good community relations by sponsoring youth baseball teams or bowling teams. It's silly to have the money just sitting there, when it could be used for a good cause or activity."

The fund was increased by

\$800 this year. This figure being one quarter of the \$3,200 collected. In addition, Miller who accompanied state association members during the campaign as the local representative donated his \$70 salary for two and a half days of work to the fund.

ADVERSITY CHALLENGES EDUCATION

With the school year set to begin in only a matter of a few days there are some very basic and fundamental questions to be raised.

Since both of our school systems (Grade and High School) will be working on drastically curtailed budgets, there is the ever present possibility of a creeping apathy setting in on the part of parents, children and educators.

True, the schools apparently will not be able to sustain their normally high level of scholarship, but only a fool would take this as a signal to offer less than 100 per cent of effort.

This indictment can be made of all the groups above mentioned: parents, teachers, children. When the going becomes difficult, the first to fall by the wayside are usually those who cannot discipline themselves.

This prospect could manifest itself by sub-par performances by educators and students, and an apathetic attitude toward involvement by parents in school affairs.

This would be more than a tragic occasion. For, education is the prime vehicle for success and contentment.

Lest we fall into such a deplorable attitude, there is a preventive measure available. During these last two weeks before school begins, we of THE ANTIOCH NEWS call for a positive approach to what can only be called a sad situation.

Let every parent, teacher and student reevaluate his direction and commit himself to making the most out of the future. Perhaps at some future date the budgets and lost programs can be re-installed. However, until that time, intelligence would dictate a common sense approach. Don't squander the best chance for success.

Our Congressman

McCLORY ATTENDS CONVENTION

Congressman and Mrs. Robert McClory will be among the 15,000 Republicans from around the country attending the Republican Convention at Miami Beach from August 21 to 24. As honored guests, the Congressman and Mrs. McClory will take part in many of the Committee and Convention sessions, as well as the full schedule of social and political

activities outside the Convention Hall.

Congressman McClory has submitted a number of proposals to the Republican Platform Committee, including recommendations (a) urging prompt ratification of the Equal Rights Amendment granting equal rights to men and women, (b) expanding the legal rights of 18, 19, and 20 year old citizens, and (c) ending discrimination by reason of age.

The Congressman's wife, Doris McClory, will be with the Republican women leaders from Illinois at the Tuesday session - emphasizing the role of women in the forthcoming political campaign. As a member of the Board of Directors of "Women United", Mrs. McClory has supported her husband's leadership in behalf of the Constitutional Amendment to end sex discrimination (the Equal Rights Amendment).

Congressman and Mrs. McClory will return to Washington following the Convention, where the session of the Congress will be resumed on Tuesday, September 5.

KUCHARSKI TO ASK ELECTORAL BOARD TO BAR RED CANDIDATES

Assistant Secretary of State Edmund J. Kucharski said that he will ask the Illinois Electoral Board to refuse to place the names of Communist Party candidates on the ballot in November despite a Federal court ruling ordering acceptance of the party's petitions.

"No American truly dedicated to public service should object to taking an oath stating he is not pledged to undermine his government; the very government he is obligated to preserve and protect as a public official," said Kucharski, who is the Republican candidate for Secretary of State.

In Illinois, all candidates for public office are required by

law to sign a loyalty oath before their petitions can be accepted and their names placed on the ballot. The Communist Party candidates have refused to sign the oath and obtained an order from U.S. District Court Judge Hubert L. Will charging the Illinois Secretary of State to accept their petitions.

Kucharski stated that he and every other candidate for public office in Illinois has signed the oath. The GOP candidate stated that the loyalty oath does not endanger civil liberties nor does it infringe on freedom of speech. He pointed out that it is possible that the state law may not apply to candidates for federal offices, but it is applicable to those seeking state offices.

Let's Reminisce

Upon just finishing reading the Antioch News, which I receive each Monday, and reading the greeting to me from Mrs. Zalatoris, I decided to drop a few lines of myself since leaving Antioch. I thank Mrs. Zalatoris for her greeting and thoughtfulness.

I lived in Antioch, attending Channel Lake Grade School, and Antioch Township High School. In 1959 I married and moved to Melrose Park, Ill. and lived there for ten years. In 1969 my husband and I retired from business and moved to Clearwater, Florida. Upon spending seven weeks of happy retirement, my husband passed away very suddenly in July 1969. This began another change in life for me, it was either sit and do nothing or pick up the opportunities the friends we had made offered, and I did the latter.

A friend who managed a dress shop gave me a part time position so that I could join the Clearwater Business and Professional Women's Club. Since then, through another friend I have changed positions and am receptionist for the Clearwater Federal Savings and Loan, and have been in this position for over two years. Upon becoming active in the BPW, this year I am second Vice President and membership chairman.

Also, as some of the American Legion members of Post 748 know, I have taken my transfer to a post in Clearwater, and donate two Wednesday evenings a month serving coffee to the bingo players. Bingo is a great thing in Florida.

This winter I was fortunate and pleased to have Mrs. Ruth Tidmarsh and Mrs. Lena Message visit me. I certainly enjoyed reminiscing old times and friends.

During the winter months my mother, Mrs. Elsie Pape, lives with me. During the summer she lives with Henry in Grayslake, where she is at the present time. I am fortunate to have two of Henry's children living in St. Petersburg, Louis and Linda, and I see them often. I shall be coming north the latter part of August for my vacation and may see many of you.

I know there are many folks in Antioch who will have no interest in this item, but if only a few enjoy it as much as I did reading the greeting from Mrs. Zalatoris, the item regarding Mrs. Mau's leaving Antioch, and learning what my nephew Paul Pape would do if he found a million dollars, and of his operation, then I know there may be a few happy hearts in Antioch. The articles on Paul Pape and Mrs. Mau I have forwarded to Cornelia Roberts in Grayslake.

First covering Village Board meetings as a correspondent for the Waukegan News Sun, Marilyn Sterbenz has attended all but a rare meeting of the Board in the past twelve years. (staff photo)

"Nothing is more interesting than working with the public," says Marilyn Sterbenz, Village Clerk. "It's frustrating too," she says, "but the gratitude more than makes up for it." (staff photo)

WITH POLITICS IN HER BLOOD MARILYN SERVES ANTIOCH

"I've always felt free and liberated. I've never even thought about women's lib. Liberation is just a matter of being an individual; men and women are equal."

These are the sentiments of the first woman ever elected to public office in Antioch, an active mother, career woman and politician. Marilyn Sterbenz admits to nothing odd in being a woman in her position as village clerk.

With her father a precinct captain in Chicago years ago, Marilyn was brought up in an atmosphere of political involvement. While still in high school, the call of political intrigue moved her to get involved in the Young Republican's Club, working with Senator Dirksen when he first ran for the Senate in 1948.

As a Chicagoan who from an early age looked forward to spending summers at a cottage at Lake Marie, Marilyn "always loved Antioch." Marrying Joe Sterbenz, whom she met on a vacation in Antioch, this charter member of the Antioch Women's Republican Club got her roots into the future of Antioch.

Quickly becoming a prominent Republican in Antioch, Marilyn was asked to be a voting judge for precinct one. "I held the position for years," Marilyn remarks, then smiles thinking back to those early years in politics. "Little did I realize then that someday I'd be the clerk, hiring the judges myself."

"I kind of worked into my job. I was familiar with the work before I was elected," Marilyn says, so at ease in her office where a phone is always ringing and there is a constant flow of

people in need of her services. About twelve years ago Marilyn became the Antioch correspondent to the Waukegan News Sun. As correspondent Marilyn attended all village board meetings and her interest and awareness in Antioch politics grew.

When part time help was needed in the village office, Marilyn was a likely assistant. Then, after many years of loyal service, Village Clerk Clarence Schultis and his assistant, Mrs. Martha Hunter retired leaving the main positions in the village office vacant.

"There is no way that I could have worked under finer people. I was so sorry when they left me," Marilyn laments.

But since her election to the office of village clerk three years ago, Marilyn, with the help of Mrs. Delaney, has served as administrator and link between the public and the village board.

Gradually as her children grew up and away from home for longer periods of time Marilyn's opportunity to pursue her career also has increased.

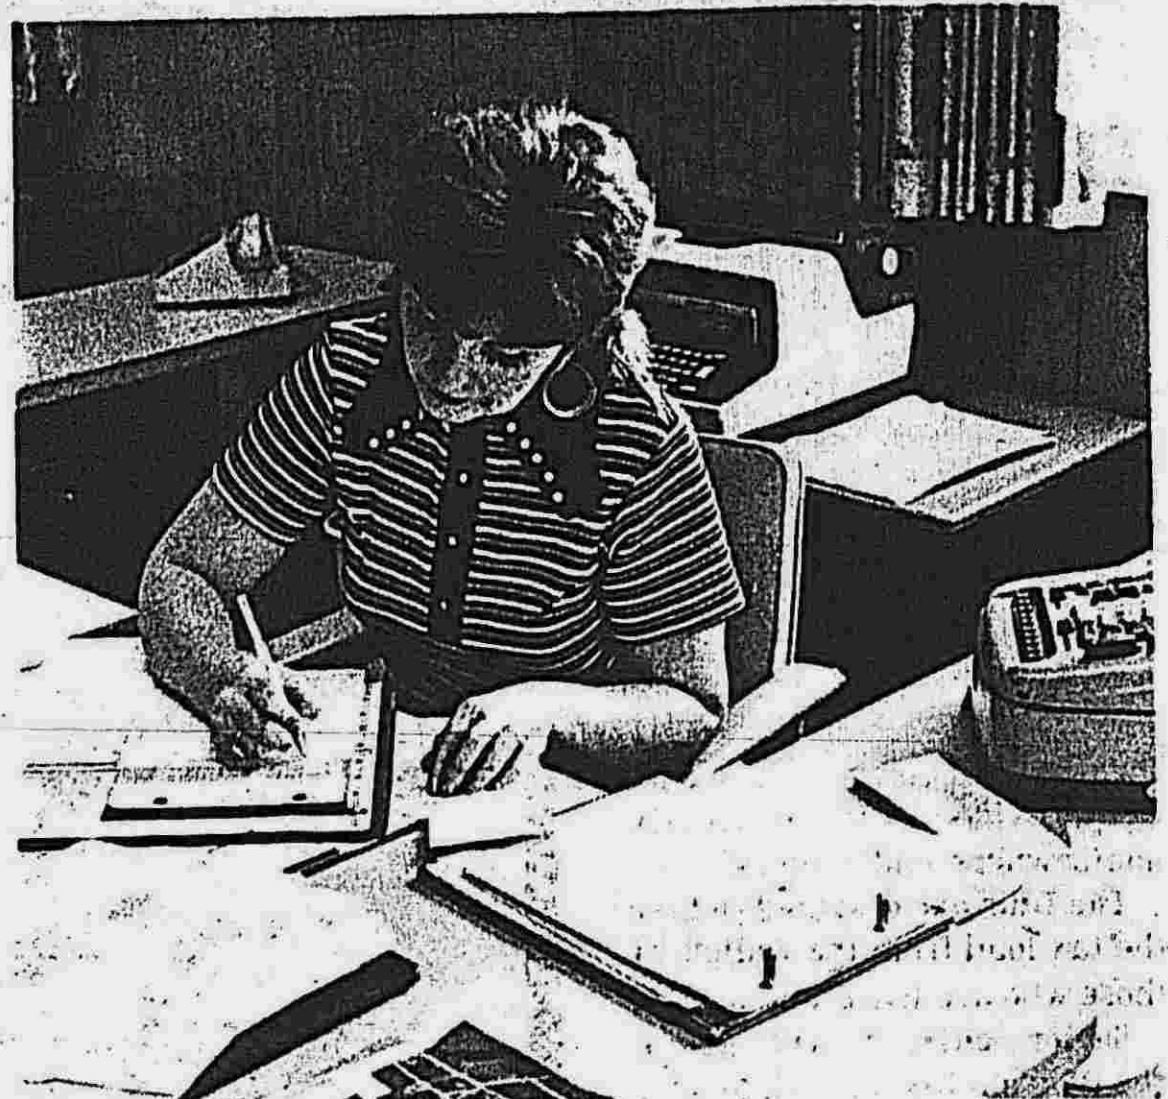

Now twenty year old son Dan has completed active duty in the

Seabees Reserves. His father, Joe, was in the Seabees when he and Marilyn were married. Ken, 18, will enter Coe College this fall planning to study political science toward a future in law. Daughter Lynn is a junior at Antioch High School and Kathy is in the sixth grade.

Being a mother has always come first for our village clerk. "I never worked until my children were in school," Marilyn says, but there was still time for her outside interest. "I wrote my column for the News Sun in the hospital when my daughter Kathy was born," she laughs.

Now as a woman working in a formerly "male" position, Marilyn admits to having been a little scared at first, but she would never concede that a woman should not bear the responsibilities of a career.

"Women should have outside interests. It keeps them modern, up-to-date and on the ball. That's how I got started in politics," Marilyn explains. "It was my interest outside the

Beginning her career in Antioch politics as a voting judge, Marilyn Sterbenz had no idea that one day she would be the Village Clerk whose duty it is to appoint the judges. (staff photo)

home."

Marilyn feels that women are free now to seek work and pursue their interests. "Women are going to lose power by being 'liberated', I think," Marilyn prophesies. "We have our own way of getting things done and once we get too outward and

'equal' we'll lose this power."

A mother, a politician, an investor in the future of the town she has always loved, Marilyn Sterbenz is an example of what it means to be an individual, not a "liberated woman", but a person dedicated to a family and a career.

CHRISTIAN DAY SCHOOL OPENS SEPTEMBER 5

The members of Faith Evangelical Lutheran Church, 1275 S. Main St., have been very busy in the past few weeks, working to prepare classrooms in the new school and church addition. Their goal is to have the needed classrooms operable by the time the Christian day school opens on September 5, for its third year of operation.

ELDERLY GET TAX RELIEF

Those persons 65 or older or disabled have a golden opportunity to escape burdensome property taxes due to recent Illinois legislation.

The new bills (H.R. 4295 and 4298 and S. 1363 and 1508) collectively dubbed the Senior Citizens Property Tax Relief Act provide relief for elderly homeowners and renters.

The Bills are designed to take the tax load from the wallets of those who are least able to pay.

Senior citizens will get a rebate from the federal government on taxes paid based on a simple multiplier. Those earning less than \$3,000 will be granted payment on that part of their tax which exceeds 6 per cent, but does not go above \$500.00.

In other words, a senior citizen earning \$2,500 is liable for the first \$180 of taxes (based on .06 per cent). Any taxes over \$180, but less than \$500 will be absorbed by the federal government.

Those earning from \$3,000 up to a maximum of \$10,000 pay the first .07 per cent, again the high cut off is \$500.

Senior citizens 65 or over or disabled and renting will get, like relief, but with a slightly different process.

Again the elderly are liable for .06 per cent of taxes figured into their rent up to \$3,000 of income and .07 per cent of earnings from \$3,000 to \$10,000.

An elderly renter paying \$150 a month pays \$1,800 a year for rent. One quarter of this or \$450 is considered as property taxes passed on by the owner as a form of tax.

If the elderly person earns \$2,500 a year the federal government will pay \$5 of tax per \$100 of income with the maximum of \$500. So, the government would pay his taxes over \$150 up to an additional \$125 (5 x 25) or \$125 of a \$275 bill.

Henry Meyer, Superintendent of District 34, which will run a school referendum on September 16th said the legislation could have a great impact on the voting. "With this legislation, elderly people will no longer have a reason to vote against school referendums. Their up against tough conditions with a fixed income, but this act gives them tax relief!"

Registration for the 1972-73 school year has been set for August 21.

Sewage Plant Adequate for Developments

According to Village Engineer Frank Angelotti the delay in construction of the sewage plant addition will not hinder land developments.

"Any project now in the planning stages will not be ready for occupancy prior to completion of the project," Angelotti said. "When they're ready, we'll be."

The village project has apparently hit a snag with their application for a federal grant. According to Angelotti the federal government has expended all funds for grant projects and must now appropriate additional monies.

Given this knowledge, the village has changed its plans. Prior to this development, the state and federal governments would have assumed 80 percent of the cost (25 and 55 percent respectively). However, the village has now decided to carry the federal share by issuing revenue bonds. Once the federal grant comes in the village will retire the bonds.

The current plant has a population equivalent capacity of 5,000 persons. The proposed addition would raise capabilities to 12,500 persons.

Angelotti noted that with minor adjustments the plant could be further increased to 20,000 capacity. "It wouldn't take too much," he said.

He said that the prospect of 7,500 new residents for Antioch by 1980 had spurred the need for further additions. "I don't think my estimate is high at all. If only two of the three proposed developments go through we'll be very close to that figure."

Construction on the addition is tentatively scheduled to begin in late November with completion set for July of 1973.

District 34 Superintendent Henry Meyer said the raises won't actually gain the administrators much in purchasing power. "This represents an average raise of five percent, or about one and one-half percent less than the cost of living rise.

Remember When?

This week's picture, glorifying the lush lotus beds on Grass Lake in about the year 1924, was submitted by Charles Atwood.

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

The Men's water fight team took home the first place trophy from Lake Villa, Sunday. Needless to say, the fellows were quite proud!! You can see them in action next Sunday at 1:30 by the water tower, as they will be hosting water fights for many of the Lake County teams. Oh, can't forget to mention that "retired" water-fighter Dutch K. got a team together and took home a fourth place trophy at the Kenosha County Fair...

Get well wishes to Robert Webb, and Frank Benes Sr., also Mary Carney who is now at home and recuperating nicely. She says to thank everyone for their prayers, cards, calls and concern.

Happy birthday to Father Johnson on August 19. Belated wishes to Mark Kasik on August 13 and to Joan Toft and Emily Benes and David Hahn on the 19th.

Happy Anniversary wishes go to Shirley and Ed Crowell on Aug. 24, Bunny and John Mihovilovich on Aug. 25, Richard and Rose Endries on Aug. 31, they will be celebrating 15 years; Penny and Richard O'Brien are celebrating no. 1 on the 18th.

The Gutowski "children" took their parents out for dinner Saturday night in honor of their

44th anniversary.

Mr. Mel Stillson left Sat. for a four month stay in Europe.

Baby congratulations to Mr. & Mrs. Robert Abel who are the proud parents of a 7 lb. 2 oz., 19 inch baby boy born August 12th.

New home moves reported are Pat and Hugo Holbeck moving to Hillandale Subd. and Tom and Linda Blackman to Poplar Street. May you find much happiness in your new abodes.

Congratulations to Mary Ellen Osmond who was married this past Saturday.

Welcome visitors to Antioch are former resident visiting the Jim Harvey family. Pat's mother, Mrs. Edward Schippman from Pompano Beach, Florida is visiting for a few weeks. To round out the family were Pat's brother Dean Schippman who managed to stop in for a short visit and her sister Natalie who was hear for a few days.

The Don Amundsen family just returned from a camping vacation to Mackinac Island for a week. Gerri said the weather was cold but they had a super time in spite of it.

The Joe Rushes were pleasantly surprised with a visit from friends who were neighbors 18

How To Improve Your Sketching of People.....If you have attempted to sketch people while they are moving about you, you have no doubt become frustrated that you got so few lines drawn on your paper and they were gone. You must improve your memory of what you see, stop the action as a camera does on a single phase, and then sketch. The more you do this kind of on-location sketching, the more your memory will improve.

Speed up your sketching by drawing from knowledge as well as from observation. Improve your understanding of human anatomy by reading up on it in books, in your libraries, and at art supply stores. Medical anatomy books show the muscles and bones only in standing rear and front views, whereas art books will give you the stretch and twisting of muscles as the figure moves.

Because we seldom see the human figure unclothed, it is the fit and folds of clothing and the wrinkles caused by the

movement of the body that is also important to describe the action. Since it is usually inconvenient to have people pose for you just to have a study of figure drawing, let me suggest two ways to study this on your own. Take a sketch pad and a small stool to a shopping mall. Sit down in front of a clothing display and sketch the manikins. They won't move and you can closely observe the fit and folds of clothing. The other way to study is from photos in newspapers and magazines, the pictures that show people in lots of positions as in sport pictures. Study and sketch wrinkles which seem most important and best descriptive of the actions. Long straight ones are caused by stretching, whereas short ones are seen at bends of elbows and knees. After a lot of his kind of study you will remember what wrinkles are typical for certain movements. With this knowledge you will then be able to speed up your sketching of moving people on location.

Happy Sketching.

HELPFUL HINTS

Summer's the time for care-free patio living, travel, fun and games outdoors. If you're looking for some easy short-steps...

- you can...
 - make a self-service patio bar by lining a wheelbarrow with heavy duty aluminum foil. Fill with chopped ice, then canned or bottled beverages.
 - keep hot foods hot and delicious longer by wrapping them in foil. Works with cold foods, too. They stay cold longer.
 - insulate against ground dampness when camping outdoors by placing sheets of heavy duty aluminum foil under your sleeping bag. Bring up outer edges of the foil about 2 inches. Keeps crawling bugs and insects away, too.
 - transform old clay pots, buckets, and cans into beautiful "planters" by covering them with aluminum foil. The foil helps plants retain moisture.
 - keep ice in your picnic cooler much longer by bundling it up in a sheet of heavy duty aluminum foil. Pack your beverages, salads, cold cuts, and other perishables in the ice-under the foil. They stay cold and fresh.
 - keep cigarettes, pipe tobacco, and cigars safe from surf spray or wet sand by wrapping tightly in moisture-proof aluminum foil. They stay dry.

• clean and polish metal golf club shafts with a crumbled piece of aluminum foil. The foil restores the bright finish. Works wonders on bicycle and automobile chrome, too. For more Bright Ideas send a self-addressed stamped (16¢) large envelope to Bright Ideas, Reynolds Aluminum, P.O. Box 27003, Richmond, Va. 23261.

Make Supper with English Muffins

Creamed Ham on English Muffins

- 3 tablespoons margarine or butter
- 1 tablespoon corn starch
- 1/4 teaspoon salt
- 1/8 teaspoon pepper
- 1 cup milk
- 1/4 cup real mayonnaise
- 2 cups diced cooked ham
- Hot cooked broccoli
- 2 teaspoons lemon juice
- 4 Thomas' English muffins

Melt margarine in saucepan over medium heat. Stir in corn starch, salt and pepper. Remove from heat. Gradually stir in milk, mixing until smooth. Cook over medium heat, stirring constantly, until mixture comes to boil and boils 1 minute. Stir small amount of corn starch mixture into mayonnaise, then stir into saucepan. Add ham; cook over low heat about 5 minutes. Toss broccoli with lemon juice. Split English muffins, and gently pull apart. Toast. Spoon ham mixture on one muffin half; serve other half alongside with broccoli. Makes 4 servings.

MELVIN P. HELLER
In-Service Speaker

Dr. Melvin P. Heller, Chairman of the Department of Administration and Supervisor, Loyola University, Chicago, will be the featured speaker when 225 teachers from Antioch High School, Antioch Grade School, Lake Villa Grade

School, Grass Lake Grade School and Emmons Grade School attend an In-Service Workshop on Monday, August 28th, 1972 at Antioch High School. Dr. Heller will address the teachers on the subject: "Innovations: Real or Imagined."

NEW GRADE SCHOOL TEACHER HIRED

Children at the Oakland Grade School will see a new face in the classroom when school resumes.

Mrs. Joanne Dugenski has been hired by the District 34 board as a half-time kindergarten instructor. She has already done substitute work in the Antioch system and will teach a morning session class.

In other business the board accepted the resignation of Mr. Roy Gilbert, a shop instructor and set new policies for class times and lunch fees.

School will begin at the Antioch, Channel Lake and Oakland Schools at 8:45 a.m. and conclude at 2:45. At the Upper Grade School classes will

commence at 8:15 a.m. and end at 2 o'clock.

The price for school lunches was also raised. In the future students will pay \$.40, while adults will shell out 55 cents. Both prices were raised by five cents.

NOTICE

The Governor has signed into law Senate Bill 1455 effective July 27, 1972, which removes smallpox from the list of communicable diseases against which children are required to be immunized.

ACHS Students Act As Red Cross Youth Volunteers

Seven Antioch High School students have just completed 309 hours of service as Red Cross Youth Volunteers at Downey Veterans Hospital, Downey, Illinois.

These students did an excellent job in their given assignment and gained the admiration and respect of patients and personnel. We are very proud of the students for their generosity of self and time.

Volunteers were: Linda Borak, 52 hours; Cathie Chase, 6 hours; Lois Geist, 35 hours; Barb Mueller, 70 hours; Rosanne Vestal, 66 hours; Roxanne Vestal, 45 hours; and Branda Weber, 35 hours.

GRASS LAKE SCHOOL TO OPEN AUGUST 28

The staff of Grass Lake School will meet jointly with the surrounding schools for an in-service workshop at Antioch High School to hear Dr. Melvin Heller of Loyola University, Chicago, Illinois on August 28, at 9 a.m. The afternoon session of the workshop will be conducted at Grass Lake School in preparation for the coming school year. The main emphasis of the afternoon meeting will be centered around the beginning of the school's Learning and Resource Center.

Supt. Hart announced that Miss Mary Ellen Osmond, a graduate of Western Illinois University, will be teaching 6th grade and Miss Kathleen Pope, a graduate of Quincy College, will be the central reading teacher. Hart also stated that special teachers for Speech Correction and the Learning Center are needed.

Parents with students new to District 36 should register their children any weekday between 8 a.m. and 2 p.m. at the school

office.

Registration for all students will be held on Tuesday, August 29th in the school gym from 8:30 a.m. to 11 a.m.

Registration fees are \$9.00 for students in grades 1 thru 8 and families having 4 or more children in school will pay \$6.00 per child. Kindergarten fees will be \$7.50 per child. Voluntary student insurance is available at a cost of \$2.75 per child.

Supt. Hart reminds parents that all kindergarten, all new 1st graders to the district and all 5th graders must have a physical and dental examination before entering school. Physical and dental forms are available at the school if any parent did not receive them through the mail.

The school buses will begin their runs at 8:15 a.m. and begin returning children at 9:15 a.m. on registration day. Parents may bring their children, register them, and take them home if they prefer.

JOHN PROSISE MOVES TOWARD LAW CAREER

A desire to analyze, a sense of compassion, a feel for debate; all of these are so important to a statesman, a politician, or a lawyer.

And so John Prosisie, aspiring to become a lawyer and attempting to acquire these qualities, moves on this year to a new school, a diverse atmosphere.

After two years at DePauw University in Greencastle, Indiana this 1970 graduate of Antioch Community High School has decided to transfer to Stanford University. From the somewhat "provincial" pervading influence of the DePauw community John will relocate himself at the dynamic Stanford campus in Palo Alto, California.

"It will be good for me, I think," John says, "to combine two years at a small school with two years at a large one."

In addition to the experience of a small college atmosphere at DePauw, John gained another invaluable asset in seeking a career in law, his college newspaper work.

Deciding he wanted to work on DePauw's school paper, John claims to have offered "to sweep the floor, write headlines - whatever. I just wanted to get

into the operation," he laughs. Getting started John did move up from the bottom. His first job he describes as "general busy work" doing rewrite and proofing.

Then, for a move upward John was asked to be copy and proof editor. With a \$6 a month salary to its favor, how could he pass up the offer? And so he accepted and became a cog in the ever-grinding machine of the newspaper staff.

During the one month interim winter term at DePauw John got a real taste of all that goes into putting out a newspaper. Working on a five man board of co-editors he did reporting, writing, editing, layout and make-up, the group publishing four issues in that month.

Second semester found John in an even more responsible position on the paper. As news editor and staff writer John initiated all story assignments. In addition he read and edited the stories that came in.

Further responsibility involved the counseling of freshmen on writing style and newspaper procedure. Having many writing workshops was John's device for helping these novices to become productive staff members.

But now the newspaper work at DePauw falls into someone else's hands as John moves on to Stanford, hoping to work his way up from the bottom again; this time in a big daily newspaper operation.

There too John will carry on in his major field, philosophy. As pre-law study John chose philosophy because "the discipline of studying philosophy is good." The exercise in critical writing, logic, analytical thought and debate is ideal preparation for the rigorous mental work involved in being a lawyer.

To analyze and to evaluate with an unprejudiced eye will be John's life work as a lawyer. It will be essential that he know the law. But even more important, the experience he is gaining now will hopefully help him to keep the spirit of justice in his heart. Working with people in his newspaper work and evaluating philosophical concepts he must learn that, as in the words of Earl Warren, "It is the spirit and not the form of law that keeps justice alive."

STILL TIME TO ENTER PET PARADE

Come on, Kids, there's still time to enter the Pet Parade sponsored by the Antioch Welcome Wagon Newcomers' Club. The parade is being held Monday evening, August 21st, the night of Midnight Madness.

All children up to 14 years old are eligible to enter. Pre-registration blanks are available in the papers and the business stores in Antioch. There is no fee. 1st prize is a \$25.00 Savings Bond, 2nd and 3rd prizes are a \$10.00 gift. There will be ribbons for all.

Remember this is a costume pet parade. Children and pets will be in costume. So you have a chance to win the prize with your snake as does your neighbor with his Great Dane dog. Prizes will be awarded for imagination, originality and theme.

Judging will be held at 6 p.m. on Park Avenue, next to Barnstables before the parade. We're looking forward to a great crowd and a great parade. Good luck to all the kids...

GARDEN CLUB TO HOLD POT LUCK PICNIC

WILMOT HARVEST DAY SALE

Wilmot's annual Harvest Sale will take place on Sunday, August 20th (rain date August 27). Since the revival of the old time custom four years ago the 19th century village has attracted thousands of people who have enjoyed the simple pleasures of a more leisurely era - wandering along the streets lined with tables with wares specially priced for the event from the many shops, items from the attics of the more than 100-year old houses, eating fresh corn, home made bratwurst and drinking beer in the back lots of the picturesque old buildings.

And real bargains are found. Last year a 16 year old girl bought a simple ring set with a large white stone for \$2.00, when the ring was taken to a jeweler to be cleaned it was appraised as a \$1,000.00 white sapphire.

Wilmot is a town that time passed by - preserving an unusual heritage of old commercial and residential buildings which have been carefully restored and furnished with rare fixtures and furnishings from the time of the community's commercial glory as a market town in the last century.

In addition to four antique and gift shops, Wilmot has a fine old fashioned meat and grocery store, an outstanding florist, a lapidary shop, a women's ready-to-wear boutique and a handmade leather apparel specialty shop.

DOUBLE-RING NUPTIAL RITES UNITE COUPLE

Miss Rachelle Annette Thomas became the bride of Joseph M. Wojtkiewicz in a double-ring ceremony performed on June 3rd at the Ventura College Later Day Saints Institute, Ventura. Parents of the couple are Messrs. and Mmes. James Everett Thomas of Oxnard and Henry M. Wojtkiewicz, Chicago, Ill. Bishop Robert Winfield officiated at the rites.

Given in marriage by her father, the bride wore a gown of white nylon knit trimmed in lace and accented with scalloped neckline and long, laced sleeves. Her shoulder-length veil was designed with three lace leaves and was trimmed with pearls. One tear drop hung from the center leaf. She carried an all-white bouquet of baby's breath, carnations, daisies and roses.

Miss Christie Carlson was maid of honor. Bridesmaids included the Misses Sue Stehle, Donna Neal and Mrs. Sandy

Albion of Port Hueneme. Flower girl was Miss Peggy Hatcher.

Steve Parker was best man and performing ushers' duties were Carl Andres, Mike Falletta of Los Angeles and Stan Thomas, the bride's brother.

A buffet luncheon reception immediately followed the wedding.

The bride graduated from Channel Islands High School and attended Barstow Junior College. She is employed by Trend Western in Oxnard.

Her husband graduated from Hubbard High School and attended Bogan Junior College, both in Chicago. He is serving at Pt. Mugu Naval Air Station as a draftsman.

Wedding trip destination was Antioch, June 10, where the couple was feted at an open-house reception at the home of the groom's parents. They are at home in Oxnard.

NELSONS' VISIT OLD FRIENDS

Mr. and Mrs. Myrus Nelson, have been saying Hello U. S. A. the past two weeks. On their recent trip to Iowa, Minnesota, Wisconsin and Michigan they said "Hello" to Karen Baird and her 4 children, staying with Karen's parents Mr. and Mrs. Chas. Baird in New Hampton, Iowa. Karen teaches at the Clark Air Force Base in the Philippines. She and her husband, the late Bill Baird, taught in Antioch Schools.

Then it was "Hello" to Mrs. Hester Garland in St. Paul and on to Michigan. One afternoon was spent with Mr. and Mrs. Lynn Watson (Antioch's first football coach). "It was a winning team that year," said Mr. Watson as he named all the players on that first team from the recent picture in "Remember When," of this paper. They only lost one game that year with Waukegan. The Watson's live in Autrain Michigan. Upon returning home in lower Michigan at Hartford they stopped to see Esther Holmes Farrington of Tuscon Arizona, former Antioch resident. When home they greeted Mr. and Mrs. Fred O'dell and 3 children from Memphis, Tennessee. Then last Thursday a 12 year classmate of Mrs. Nelson's from Jefferson Oregon, Mrs. Clara Vose, dropped in with two other classmates, Mrs. Rod Ames of Zion and Mrs. Joe Melner of Paris, Wisconsin. Saturday afternoon brought Mr. and Mrs. T.R. Berkhead of Denver, N.C. Mr. Berkhead was Superintendent of Antioch High School some 22 years ago. Next week we expect Mr. and Mrs. Russell Brumfield, Newport Rickey, Fla.

In Rochester, Minnesota, Nelson's called on their son-in-law's father, Walter Milnichuk, recovering from a kidney transplant there at the Mayo Clinic.

The Harry Lessards also sent "greetings" from Hayward, Wisconsin to Antioch friends.

KATHLEEN KUFALK BECOMES BRIDE OF STEVEN YOUNG

Miss Kathleen Ann Kufalk, daughter of Mr. and Mrs. Elmer Kufalk of 1211 S. Main Street, was given away by her father to Steven M. Young, son of Mr. and Mrs. Francis Young of 3006 Sunset Ave., Waukegan, at a 4 p.m. ceremony on August 5, 1972.

Reverend Donald Cobb officiated at the double ring ceremony at the Antioch United Methodist Church. Organist was Mrs. Donald Cobb and Mr. Fred Holbert was soloist.

The bride wore a floor length gown of white silk organza enhanced with Venice lace over bridal mist taffeta. The bodice was fashioned with an oval neckline and long full bishop sleeves. The skirt was A-line with a flounce at bottom and detachable chapel length train. The bride wore a trimmed camelot cap with imported illusion bouffant veil. She carried a classic cascade of eucharis lilies, stephanotis and ivy.

The Matron of Honor, Mrs. Charles Guthrie, wore a floor length gown of peacock chiffon and white lace. The bodice was fashioned with an oval neckline and long Juliet Sleeves and she carried a colonial style bouquet of white and blue daisies.

Bridesmaids were Mrs. Robert Elblein and Mrs. Pamela Neil who wore dresses identical to that of the matron of honor. All wore white daisy trimmed caps.

The Best Man was Mr. Willard Barnes. Mr. William Young and Mr. Jerry Senica attended as groomsmen and Mr. Robert Bailey and Mr. Max Chumbley served as ushers.

The bride is a graduate of Antioch Grade and High Schools and continued her education at Northern Illinois University and Carthage College. The groom is a graduate of Waukegan High School also having attended Southern Illinois University.

The new Mrs. Young is employed by Abbott Laboratories and Mr. Young is self-employed.

A reception for 150 guests was held at Wesley Hall with the WSCS Circle of the Antioch Methodist Church hosting.

A belated honeymoon to the Caribbean is planned by the couple. They will reside at 1111 1/2 Greenwood Avenue, Waukegan.

BENEDICTINE SISTERS HOLD ANNUAL CHICKEN DINNER

The Benedictine Sisters at Benet Lake, Wis., are continuing in their efforts to add to their Convent Building Fund and will hold their annual Chicken Dinner Festival on their grounds on Sunday, August 20. The convent may be

reached from County Hwy. V in Salem Township and is also just three miles northeast of Antioch, Ill.

Dinner will be served RAIN OR SHINE under tents from 11 a.m. to 7 p.m. Adults \$2.00, children \$1.00. Come and bring your friends.

THE TRUTH THAT HEALS

Christian Science Churches

In Luke 7 we read of Jesus' healing of the centurion's servant. This will be brought out at Churches of Christ, Scientist, Sunday in the Bible Lesson-Sermon entitled "Mind"

From SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy this citation will read: "When man is governed by God, the ever-present mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus."

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, Antioch, Illinois begins at 11 a.m. They are conducted by Mrs. Evelyn Greer, First Reader, and Mrs. Mary Adams, Second Reader.

With a Stern Eye

"In Australia," said Jack one evening last week, as he sat at my desk riffling through the mail, "if you don't vote they fine you a great big bundle of dough."

"Where did you hear that?" I looked over my newspaper in time to see him stirring the neatly piled checks which waited in numerical order for me to get around to doing the bank statement. "Cut that out!"

He did. "I heard it over the radio the other day."

"Are you sure it was Australia?"

"I think so. The commentator said he thought it was a pretty

good idea." He paused. "But isn't that what makes America different? You can vote or you don't have to if you don't want to?"

And I guess that is what makes America different. If one could only be sure though, that the decision not vote was one actively made, one would feel better about the fact that our percentage of participation is so low. There are arguments to be made against not voting; none can be presented to those not interested enough to listen.

One thing I've learned since I became County Clerk is that Jehovah's Witnesses do not involve themselves in the democratic process. We received a letter in the office not long ago, from a woman who wanted to cancel her registration because she had become a Jehovah's Witness; she could no longer participate, she said. Now that was a positive decision not to vote, however much I might regret it.

A man came into the Clerk's office a couple of months back, tore his voter's identification card into two pieces, threw it on the counter and left, with a few words about the excesses represented by the stone, marble and walnut tower in which County government is housed.

As it happens, I wasn't in at the time. But even if I had been I don't know that any amount of talk would have changed that man's mind. I can only guess at what might have stirred him to such action. Perhaps he looked out into the court where the flagstones still stand on end; the doors leading onto it remain closed and access is still cut off from the west by a high wood fence to prevent the unknowing from pausing there in the sun. We who are on the inside, know that the reason the court is off limits is for the protection of any who might loiter there. They could be brained by falling brick and mortar.

How could anyone have convinced that man that government knew what it was about when it built that magnificent building - which rents for better than \$1,250,000 per year - and then prevented the public from using the attractive and tempting plaza for such a reason?

I wrote him however, and made the effort. And the letter was read apparently, for I got a detailed answer back. The

answer did not mention the building but certainly indicated that this individual at least, had made a positive decision not to vote - ever again.

But how can our office - whose job it is to get everyone registered and voting - contact the thousands who do neither? I don't even know who they are. Billboards? Too expensive and impersonal.

It is generally accepted that if we can get them registered, they will more than likely vote. So that is where we have aimed our artillery. At the County Fair our teams of registrars registered over 600 people! At Little Fort Days in Waukegan, while the thermometer hovered between 95 and 100 degrees, we registered many. We have tried to put a card table and two registrars at almost every community function. We have been to the factories and to the high schools; and this fall we are going into some of the churches. We hope to make it so convenient and accessible that no one can resist becoming a working part of the system.

Our newest ploy is a translation into Spanish of our booklet on registering and voting. For years I have heard about the difficulty encountered by Spanish speaking citizens when they go for a driver's license - the need for translations of Rules of the Road, for instance. Perhaps that has now been done. We hope our modest booklet will reach a number of potential voters who might otherwise not know how to participate.

Among the more pleasing aspects of the project has been the discovery that I am now also known, in my official capacity as: El Archivero del Contado del Lago.

vessel installations. These coverings are installed by insulation contractors according to job specifications written by architectural and/or engineering companies responsible for the project.

According to Oftedahl, there will be no change in the current management and operations personnel structure at Midwest. However, production facilities will be transferred from Elmhurst to Frostee Foam's modern Antioch plant shortly after January 1, 1973.

"The move is predicated on more space becoming available in our plant due to construction of additional facilities and contemplated new equipment purchases," said Oftedahl. He added, "We will also be in a position to further our research efforts in the insulation field, and these efforts will result in technical improvements which should benefit the whole industry."

Oftedahl also announced the appointment of Todd Swinderman, Bensenville, Illinois, resident and mechanical engineering graduate of the University of Illinois, to the post of sales manager for the new division.

A reunion took place at the Harold Koppa home last week when Mrs. Ann Koppa's cousins, Herman and Irmgard Bordsch arrived from Neu-munster, Germany. The families had not seen each other in 42 years and will be staying with the Koppa's for 10 days before moving on to Michigan to visit more relatives. Mr. Bordsch, whose home town is near Hamburg, Germany, is Asst. to the Mayor in the city of over 90,000 people and speaks very good English as he studied it in school. One of the things he wants to see is the Big John Hancock Building in Chicago, as he heard about it in Germany. The Bordsch's and the Koppa's, along with Carol Whitton and her family will be sight seeing in Chicago this week, and of course, Big John is on the agenda along with the Museum of Science and Industry.

After the Bordsch's leave for Michigan, the Koppa's will be busy getting their son David ready to attend MacMurray College in Jackson, Illinois.

A very happy 25th wedding anniversary to Harry and Evelyn Deininger on August 16.

Be sure to include the St. Peter's Salad Bar Luncheon on your weekend calander. The luncheon will be held Saturday August 19, at 12 noon. Along with the fine assortment of regular salads, there will be a special weight watchers table. The program will be provided by

chairman, Mrs. Ricky Apostol and the PM & L Players. This event is always a delight and enjoyed by all that attend. Anyone desiring tickets may contact Mrs. Dorothy Purfeerst.

George and Jim Pierce recently returned from a vacation trip to California where they stayed with their father. One highlight of their trip was the flight home in a new TWA 1011 plane.

This reporter, along with husband Joe and children Jeff, Jimmy and Jeri attended the Air and Water Show at the Chicago Lake Front on the Outer Drive and Ohio Street. The program was thrilling from beginning to end, which included a Army Helicopter team showing attack and rescue methods, the Army parachute team, the Golden Knights, - demonstrating free-fall and target jumping. Also, a boat race, which included, my father Lou Portalski, in his SK77, the Greyhound and the Coast Guard air-sea rescue team. The best was saved till last, when the Air Force Thunderbird jets showed the crowd of 40,000 people their skill in precision flying. It truly took your breath away. Afterwards we were fortunate enough to attend the Buffet Supper, held at the Chicago Park District Field House where we met the Golden Knight parachute team and the leader of the Thunderbirds.

Speaking of a small world, at the end of the program we met Ralph and Ruth Gussarson from Felter's Subdivision.

he nearly strangled his dog in an effort to get the liquid medicine down.

Stop worrying.

Administering medicine - whether a liquid, pill, tablet or capsule - is simple if you have patience and try a few tricks first.

If your dog is well enough to eat, you can conceal pills or tablets in his food or with small pieces of meat. He'll gobble it up along with his meal.

Or you might offer him a piece of chopped meat as a treat, with the tablet hidden inside the meat.

I recall a pet owner who had a bulldog who was a sucker for a tablet for a tablet buried in a big juicy hamburger.

Sometimes this works better if the pill or tablet is crushed first, or the capsules opened and the powder spread throughout the meat or whatever the treat is.

With liquid medicine, try mixing the liquid with his food, water or try the tricky-treat route.

Now, if Rover wises up soon, or the deception doesn't work, or you just don't have the time for this type of coaxing, then you'll just have to force him to take his medicine.

To administer a pill, tablet or capsule, place your hand over his muzzle (the projecting jaws and nose) with your thumb on one jaw hinge and your forefinger on the other, and apply pressure.

Don't worry - he'll open up.

Force his muzzle up, causing the mouth to spread wide. Then push the pill or tablet as far back into his throat as possible.

Some veterinarians suggest that the pill, tablet or capsule be

lubricated lightly with oil or butter to help it slide down the animal's throat quickly.

Now quickly close his mouth and hold his jaws firmly together for a few seconds while lightly stroking his throat in a downward motion, and talking gently to him until he has swallowed two or three times.

If he refuses to swallow, rub the end of his nose with the palm of your hand. This should do it.

Watch your dog to be sure that the pill is actually swallowed.

In the case of bitter drugs, given in coated tablets, or irritant substances, given in capsules, swallowing must be almost immediate to prevent the tablet or capsules from disintegrating in the animal's mouth with unpleasant or even dangerous consequences.

With liquid medicine it is just as easy.

Fill a spoon or small bottle with the prescribed amount of medicine.

Softly pinch the lower lip near the rear of the jaw and pull the lip away from the jaw.

This forms a superb pouch into which you can pour the medicine.

Release the lip and hold his mouth closed for a few moments until he swallows.

If your dog's head is elevated slightly, the liquid will run through the teeth into the back of the mouth and be swallowed.

What do you do if your dog is nervous and struggles?

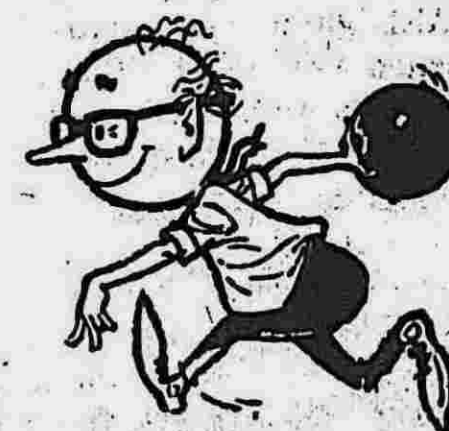

Gently, but firmly press him against the wall with your knee.

In the event of any serious problems in administering medications, call your veterinarian for his advice.

Don Ellgass of Ingleside lit up the track recently when he lost a wheel at the Waukegan Speedway where Late Model Sportsman Race every Saturday and Sunday night.

BOSTICK WINS IN FINAL LAP AT WAUKEGAN

Chuck Bostick, of Waukegan, George Dukas of Zion and the Lakeland Bus Company Lions of North Chicago all scored wins Sunday night at the Waukegan Speedway.

Bostick recorded his win in the final lap of the rained-out late model sportsman feature which was postponed from August 6. His win came in the final turn after leader George Garrett of Zion blew his right front tire and slammed into the concrete wall.

Dukas won his second feature of the weekend and the 13th of the year by beating Joe Francisco of Island Lake to the finish line at the end of 25-laps.

The Lakeland Bus Company Lions then rolled on to a 14 to 0 win in the STOCK CAR FOOTBALL game by pushing the smashed Volkswagen Bus across Butch's Auto Parts goal line twice. The final score came with 10 seconds remaining.

Bosticks win in the first 25-lap feature was a close one all of the way as he and Ed Smith of Gurnee were right behind Garrett when the tire blew. Ted Richter of Libertyville led the first 10 laps before Garrett moved in front.

J. P. Gatti of Chicago who set

a new one-lap record of :15.90 in time trials nearly passed Garrett in the 13th lap before spinning and dropping to third at the finish. Rip Tucker of Park City was fourth with George Dukas fifth in a borrowed car.

Dukas's familiar No. 64 was ready for the second feature and he gained the lead in the 10th lap after leaders Bostick and Gatti collided on the backstretch. John Gonzales of Macomb and Smith had led earlier in the race.

Dukas held the lead to the finish, but Francisco was close behind until some lapped cars got in the way with two laps remaining. Smith finished third with Gatti fourth and Joe Horn of Zion fifth.

The second heat for the sportsman had quite a pile-up on the homestretch as six cars hit at the end of the first lap with Dave Horst's car nearly flipping over under the starter's stand. Gatti came through with his second win of the night there as he had also bested the field in the trophy dash.

Don Ellgass of Ingleside won the first heat in the last lap while Abel Avila of Zion won the third. Dexter Lewey of Waukegan won both street car events.

GEORGE DUKAS ENJOYS 12th FEATURE WIN

Despite an eerie fog which rolled over the Waukegan Speedway Saturday night, George Dukas of Zion recorded his twelfth feature win in the late model sportsman class. The win for the point leader was his first in over a month.

Promoter Gordon Sill announced the remaining schedule for the season which includes Saturday and Sunday night racing through Labor Day weekend and then Saturday night racing only through September. There will also be a special Friday night mini-stock and late model sportsman program on Labor Day weekend with mini-stocks from both the Rockford and Joliet area expected.

On Saturday night September 2 the sportsman cars will race in their second 50-lap race of the year and on Sunday night September 3 they will compete in Twin 30-lap races with lap prizes going to the leading cars on each lap. Monday is being held as a raindate.

The fog hampered the spectators view from time trials on, lifting temporarily during one of the heat races. Then the fog rolled in much denser and the drivers decided they would ask the fans if they wanted to "see" the feature tonight or one week later.

The vote was overwhelmingly to keep right on racing despite the fog and the cars lined up before it became denser. Abel Avila of Wauconda led the first lap before John Gonzales of Macomb took first.

Ed Smith of Gurnee, racing minus a door, gained the lead in the third lap before Dukas was in front. Smith held onto second until the 16th lap when he spun.

The only restart in the race came in the 18th lap after George Garrett of Zion and several others cars piled-up in the fourth turn. Chuck Bostick of Waukegan was second on the restart but Joe Francisco of Island Lake passed him with three laps remaining for second spot. Bostick was third followed

PETERSON SHINES IN GENEVA FOG

The ladies have raced frequently at the Lake Geneva Raceway. Their scheduled races have been rained out, delayed due to overworked wreckers but last night topped all previous problems. After Ruth Ingersoll, who has never been defeated in the Powder Puff series, won a heat, the races were cancelled when in a rapidly descending fog a car driven by the wife of driver Dale Brandenburg, hit and broke off a track light pole. She was not injured but this series of events caused an end to racing for the night.

In the previous events by the men, Bob Peterson, Lake Geneva, warmed up for a possible starting position in the USAC late model stock car races at the Milwaukee Wisconsin State Fair on Thursday August 17 and Sunday August 20, by winning the 25 lap Sportsman stock car feature.

Peterson took the lead on the 7th lap and held off John Baumeister, Burlington from the 17th lap to the end in a close battle. Fast time qualifier, Paul Craddock, Round Lake, finished third and then it was Ken Hintzpetter, Twin Lakes and Ray Hummel, Lake Geneva,

fifth.

Bill Davis, a new name in HATO stock car racing at Lake Geneva, won the semi-feature race with heat race wins going to Brent Connelly; Ted Renwick Gordy Mudlaff; and Craddock.

The spectator stock car feature was won by Ken Haack who missed a clean sweep after setting fast time, when he was only third in the heat race.

Doug Alheit won the semi-feature and heat wins were scored by Don Gordon; Ron Wenzel; Wayne Holden and Sam Grubb.

Next Saturday night, August 19, the Demolition Experts of the Asphalt Speedway take to the track in another "till the wheels stop turning" Demo Derby race. The \$100.00 first place prize and \$50.00 second place prize, is sure to draw another large turnout of old cars set to breath their last gasping power strokes under the mad heavy foot of a driver set on crashing his competition to a halt. Time Trials are at 7:00 p.m. with races at 8:00 p.m. The Lake Geneva Raceway is located on Old Bloomfield Road, two miles south of the city of Lake Geneva. On Sunday nights, the IRA Super modified and Sportsman stock cars race at Lake Geneva.

OTTO GETS SECOND WEEKEND WIN AT LAKE GENEVA

Roger Otto, Burlington won the 30 lap feature race for IRA Super modified stock cars Sunday night at the Lake Geneva Raceway. It was his second time in as many nights to earn the feature win. On Saturday night he won at the Kenosha County Fairgrounds in Wilmet.

His win here tonight came after he moved into the lead over Decon Hundley on the 13th lap. The race was stopped on the 26th lap when Ron Marish and Whitey Harris, who were running second and fourth, spun as Marish was about to take over the lead.

On the restart, Ron Marish went to the outside again to try and take the lead but only succeeded in giving Johnny Reimer a chance to move under and take second spot and that was the way the race ended with Marish third; Ron Bergsma; fourth and Harris fifth.

Ken Monroe won the semi-feature race and the 1st 10 lap

heat race as well. Other heat race winners were Ron Bergsma; Otto and Lary Leach. In the heat won by Leach, Ray Dropp and Bob Mathews collided on the start with Dropp going up and over the Mathews car and then rolling over.

Jack Ashenbrenner, Hales Corners scored a clean sweep in the sportsman stock car events as he took the feature race lead from Ron Fryer, Milwaukee. Tom Barker was third and then it was Sid Norton, McHenry.

Heat race wins were scored by Barker and Ashenbrenner. For the modifieds, Jim Moulis, Antioch set fast time with a 16.81 second run.

Following all events, a special ladies powder puff race with the gals in super modifieds was run. Judy Pulera, Burlington won this race in Roger Otto's super. Second was Debbie Boehles in Stan Horton's car and third was Marilyn Harmon in her husband Bill's super.

by Garrett, Smith, Avila and Dexter Lewey of Waukegan.

Several of the usual top runners in the feature were missing in the final laps of the main. J.P. Gatti, winner of last Saturday's race damaged his car during warm-ups and missed the night's races. Joe Horn of Zion jumped into another car to win the first heat race and Ted Richter of Libertyville exited the feature after just nine laps with a trail of sparks from the rear-end. Richter had the night's best time trial with a :16.37 lap.

RIFLES SIGN BROOKS AND GILSON

Two football players expected to be outstanding have been signed by the Lake County Rifles professional football team, according to Coach Jesse Vail.

One player is Jimmy Brooks, 23, 5 ft. 10 in. 178 lb. back who will play on defense. Brooks recently was released by the San Francisco 49ers.

In his last two seasons at Eastern Kentucky he was picked on an All-American football team and for four years was an all conference performer in the Ohio Valley Conference. He rushed 902 times in his career which he said is an NCAA record.

The other outstanding player signed by the Lake County team is George Gilson, 23, 6 ft., 226 lb. linebacker from Monmouth College where he was captain of the defense and last year voted its most valuable player. He had been in the St. Louis Cardinals training camp but left it last week. For two years he was an all league player in the Midwest Conference.

Both players will be in action

when the Rifles meet Racine at 8 p.m. Saturday at Carmel Field on Highway 176 in Mundelein.

Last week the Rifles reported the signing of Dennis Duncan, described by Vail as "the best player ever signed by the Rifles" Duncan who will be in action Saturday was selected three times on the Canadian Football League All-star team.

HOW GOOD? — THE RIFLES

The question of just how good a football team will the Lake County Rifles be this year may be partially answered this Saturday when the Rifles meet the Racine Raiders, considered to be one of the better teams in the Central States Football League.

So far this season Racine has split two games while the Rifles easily defeated Manitowoc 27 to 6 and Sheboygan 50 to 6 in a game which was shortened because of the one sided score. The Racine-Rifles game will start at 8 p.m. Saturday in Carmel Field on Highway 176 in Mundelein.

Coach Jesse Vail said that he will start John Dobbs at quarterback. Dobbs is one of three highly talented and publicized quarterbacks with the Rifles this season; then just to complicate the picture, Jerry Trooien, a 6 ft. 2 in. quarterback from River Falls State College and the Minnesota Vikings training camp joined the squad on Tuesday.

Charles Duncan, said to be the best player ever signed by the team, will start at one running back spot and the colorful Ron Jurewicz at running back position. Flanker will be Terry Rudnick. This backfield will be supported by the hard charging Clifford Boyd who holds his Wofford College rushing record and by Ted Williams, a speedster from Adams State College in Colorado.

At starting ends will be Gerry

Sandberg and Ray Carskie with Mike Herr, and all-league performer last season, and Tom Bove, all Big-10 player from Indiana, starting at tackle; the guards will be Fred McGlothlin and Dave Malheiro with Ernie Coleman at center.

On the defense the big surprise is that Ron Kirsch will start at defensive tackle after having played on the offense for three years; he will replace John Angel at that position. The other tackle will be Joe Wolfe.

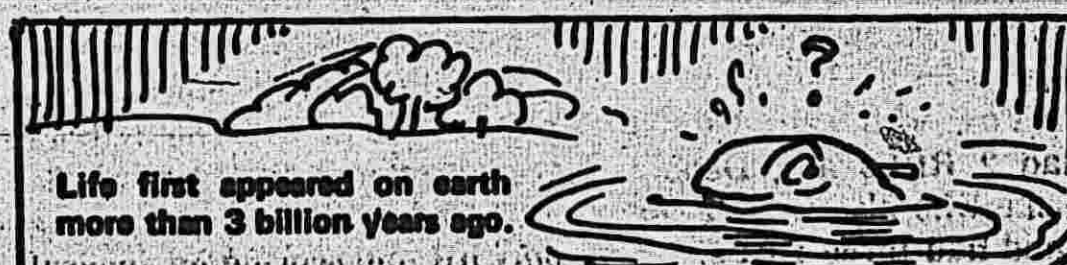

The ends will be Terry Tanger and Chuck Burgoon. The linebackers include Don Rowden, Tony Bertuca and Bill Schaefer from the University of Colorado.

The starting cornerbacks will be Bruce Hart and Rich Buchanan with Bruce Swanson and Ed Sublett playing at safety.

Burgoon, Wolfe, Bertuca and Rowden all made the eleven man Central States defensive all-star team last season. So far this year the Rifles defense has allowed an average of about 70 yards to be gained against them per game.

After the game this Saturday, Coach Vail will trim his squad of nearly 60 players down to 40 with 8 other players on a taxi squad.

Vail said that some of the early problems of the team have been resolved especially in the offensive backfield where there now appears to be an abundance of talent.

Life first appeared on earth
more than 3 billion years ago.

Lakers Lose Finale - Take Aurora Tourney

In a game which postponed earlier in the season, the Lake County Lakers were defeated by the Fox Valley Lassies 11-9 on August 8th. The loss marked the end of regular season play for the Lakers and closed out a 13-15 record.

The Lakers were plagued by nine errors in the game and quickly found themselves on the short end of a 5-0 score as they took their first cuts.

Fox Valley continued to pull away adding 2 in the second and four more during the last five innings.

The Lakers scored three in their top of the first and pecked away at the Lassie lead, but could never overcome the disastrous opening frame.

Standouts for the Lakers were Marcia Fox, who went 2 for 3 and had 2 RBI's and Debbie Kaminske, who also went 2 for three and had three RBI's.

After winning their first 3 games and several rain outs of the tournament at Aurora, the Lakers came from behind to beat Forest Park 5-4; this was Forest Park's second defeat in the tournament, both by the Lakers.

The Lakers committing three errors, their only of the game, in the first 2 innings gave Forest Park a 3-1 lead. Pam Wickersheim got an RBI single in the first inning after singles by Blondie Bell and Debbie Kaminske. Blondie gave everybody a scare when she and the shortstop collided when Bell was rounding second. She finished the game with a badly swollen thigh muscle.

Forest Park scored again in the 4th, only to be shut out the rest of the game. The Lakers scored again in their half of the 4th with Linda Boyer getting the only hit and scoring on several

errors. The Lakers struck for another run in the bottom of the 5th on a fielder's choice a bagger by Kaminske and another RBI single for Pam. With Forest Park leading 4-3 the Lakers ended all scoring in their bottom of the 6th getting 2 runs on 3 hits and an error. Jan Doody and Linda Boyer led off with singles and Marge Murphy tied the score with an RBI single and Boyer moved to third, and scored when the second baseman went for the force out on Murphy rather than a play at the plate.

The Lakers await the double elimination Regional Tournament at St. Charles running from August 18 thru 20. The Lakers play at 9 a.m. on Saturday.
